

ELEVATE SHORT FORM DEVELOPMENT AND PRODUCTION INITIATIVE GUIDELINES

Program overview

The Elevate initiative is a skills development program providing support for the development and production of scripted short films (live action, animation or web-series) to provide a calling-card for early to mid-career Western Australian filmmakers. Elevate is a multi-phased program involving high-level script and project development prior to moving into production.

The program consists of two strands, Elevate30 and Elevate70 as detailed below.

In line with Screenwest's Indigenous Screen Strategy 2016 - 2020, each Elevate strand will support at least one project with an Indigenous Director attached.

Elevate30

- For filmmakers that have completed at least one quality short-form project.
- Up to 3 teams (A producer with a director and writer/s, or a producer with a writer/director) will be selected to develop and produce a scripted short (live-action, animation or web-series), within one year of selection. One of these teams is identified as being an opportunity for an Indigenous filmmaker.
- Intended for projects **5-10 minutes** in duration.

Elevate70

- For more advanced filmmakers with a solid track-record in short-form filmmaking (or equivalent), but need an additional short for their career progression.
- Up to 3 teams (A producer with a director and writer/s, or a producer with a writer/director) will be selected to develop and produce a scripted short (live action, animation or web-series), within one year of selection. One of these teams is identified as being an opportunity for an Indigenous filmmaker.
- Intended for projects **10-15 minutes** in duration.

Teams that intend to apply for Screenwest development programs such as Feature Navigator and West Coast Visions are encouraged to apply with projects relevant to their long-form project.

There will be one intake in 2017 and both the Elevate30 and Elevate70 funding strands will run simultaneously.

Screenwest may appoint an Executive Producer or Mentor to oversee the development, production and delivery of one or more of the selected projects at any stage of the initiative.

An application must first meet the following eligibility criteria in order to be competitively assessed for funding through this program.

The applicant must:

2. Be a producer submitting an application on behalf of a team including either: writer/director; or writer/s and director.
3. Be a WA resident filmmaking team (producer, writer, director). Screenwest may consider an application from a team with a non-WA resident writer, but in a competitive situation preference will be given to teams where all members are WA residents.
4. Warrant that the producer and/or director have the required level of minimum experience.
5. Warrant that the director does not have a theatrically released feature film credit or equivalent.
6. Warrant that, to the best of their knowledge, they hold the underlying rights to the project at the time of application. Screenwest's funding cannot be used to purchase options or rights to a project.
7. Warrant that the applicant or any member of the key creative team is NOT a student at a film school or similar tertiary film, television or digital media course or institution and that the project is not and will not contribute to any course of study.
8. If selected, warrant that the applicant and team are able to complete the film within one year of the date of approval.
9. If selected, warrant that they can produce the project for the budget level they have applied for, as per the Screenwest Terms of Trade.
10. If selected, warrant that they consent to an Executive Producer or Mentor appointed by Screenwest, overseeing the development, production and delivery of the project.

The project subject to this application:

1. Cannot be submitted to both Elevate30 and Elevate70. Applicants must submit their project as either an Elevate30 project OR an Elevate70 project at Stage One of the application process.
2. Directors can apply with more than one project; however it's not recommended to submit more than two projects. Directors will be limited to receiving funding for one project per Elevate round.

Screenwest will not fund projects that contain material that will bring, or is likely to bring the WA Government or Screenwest into public disrepute, contempt, scandal, or ridicule, or which might tend to reflect unfavourably on Screenwest.

Terms of funding

An Executive Producer, Mentor, Production Company or Organisation may be appointed by Screenwest to oversee the development, production and delivery of one or more of the selected projects.

Funding will be provided as a grant. Successful applicants will enter into a Production Grant Agreement (PGA) with Screenwest specifying the terms of the funding and what the applicant will need to deliver to receive their scheduled payments.

Screenwest Management and/or the Executive Producer or Mentor will work with teams to assist with Chain of Title and during the contracting process.

Filmmaking teams will not be permitted to enter pre-production, or receive any drawdown funding until all of the funding conditions have been met.

Screenwest requires that all freelance crew and cast be paid in accordance with the producer's obligations under the law.

Screenwest will have final approval over the following:

1. Final script;
2. Key Heads of Department; and
3. Budget and Shooting schedule.
4. Rough cut and Fine cut

Failure to fulfill acquittal and/or meet deliverable requirements as specified within the funding agreement is a breach of contract. If contractual obligations are not met, Screenwest has the right to recoup funds already paid to the applicant and it may disqualify the recipient from being eligible for future Screenwest funding until outstanding funds are paid back and the matter resolved with Screenwest.

Screenwest seeks to reflect the diversity of Western Australia's community on screen and behind the camera, through projects funded and practitioners supported. The funding panel will take into consideration diversity elements of a submission during the assessment process.
